DIVISION OF LIBRARIES
ANNUAL REPORT
FY 1985

Improved library services and updated library facilities were achieved during Fiscal 1985.

LIBRARY SERVICES AND CONSTRUCTION ACT - TITLE II: Funded under the Emergency Jobs Bill, LSCA provided the resources to renovate a former warehouse into a modern public library for Rehoboth Beach, to make the Laurel and Milford public libraries handicapped-accessible with ramped entrances and remodeled restrooms, and to promote energy efficiency at the Georgetown Public Library.

LIBRARY SERVICES AND CONSTRUCTION ACT - TITLE I: A new federally funded literacy initiative has begun in Kent and Sussex counties. Public Libraries are recruiting volunteer reading tutors to address the problem of more than 50,000 functionally illiterate Delawareans. LSCA Title I grant monies were awarded for literacy projects for Appoquinimink, Corbit-Calloway and Delaware City public libraries.

STATE AID: The Special Services for the Blind and Physically Handicapped was funded by the General Assembly $29,500, to automate circulation of talking books and machines. A third coordinator was added to provide assistance to visually impaired and physically handicapped readers in Kent County. State aid to public libraries was increased to $295,600 which was a 10% growth over the previous fiscal year.

"LET'S TALK ABOUT IT": Adults were encouraged to explore literature in depth at their public libraries through the Delaware Humanities Forum funded series of humanities based book discussions known as "Let's Talk About It." Comments from public and scholar participants have identified this public library project as meeting a community need for increased learning experiences.

LIBRARIES' EDUCATION PROGRAMS: Library Staffs attended workshops on "Marketing Your Library" an introduction to new techniques used successfully in Maryland and New Jersey libraries; and a multi-part program on a step-by-step process to production of "Annual Reports". To establish a benchmark against which public library services could be evaluated in the future, the Division employed the University of Delaware, College of Urban Affairs and Public Policy, to conduct a survey of the quality of library services in Delaware's public libraries. The findings of the survey have pointed to the need for additional reference training for public library personnel. This need will be addressed in continuing education programs provided by the Division.

**OTHER LIBRARY SERVICES UTILIZED BY DELAWARE RESIDENTS:

Phone Difficult Questions (PDQ) toll-free telephone reference

Interlibrary Loan

Books-By-Mail (for kids and adults)

Summer Reading Program "Roll Into Reading"

Funmobile (visits to 23 low-income housing sites)

Film Services

Multitype Library Cooperation (under the leadership of county networks - KLN, LINCS, and SHORE)

As always, the greatest accomplishment was the generous support by librarians, trustees and lay persons of Division activities and programs.

Dover, DE 19901

Dear Governor Castle:

The State Library Advisory Council has had a busy and productive year during FY'85 as a result of the legislation recently passed (June 29, 1984) which for the first time provides funds to public libraries from the regular state budget. Since distribution is based on a formula designed to equitably share the funds throughout the state, Council approved the square miles and population of each service area as well as the procedure to be used as guidelines when applying for the state aid. The schedule of deadlines in order to allow completion of contracts was developed and Council requested information on how each library would use the increased funding in an effort to have all libraries meet the newly revised state standards by 1986.

In fulfilling the responsibilities as defined by the Library Services and Construction Act and the Delaware Code, Council carried out the priority concerns from the Boss Report on automation by funding the statewide COM Catalog, funding retrospective conversion projects, and receiving the Council on Library Cooperation's report on a Union Serial List.

The Volunteer Literacy Program of the Wilmington Library was approved and the director was encouraged to develop a comprehensive statewide program.

Interest and concern in the findings of the Institutional Library Report resulted in visits to these libraries in all three counties and the appointment of a committee to work on up-grading institutional library service.

In the search for an objective measure of the quality of library service, a statewide survey by the University of Delaware, Department of Urban Affairs, was approved and has been completed providing a baseline for measurement of future progress. Guidelines and policies for public library staff certification and recertification standards were developed and adopted as were LSCA application procedures and policies on funding computers, salaries and Recon projects.

A workshop for library trustees throughout the state was held and the request for a similar one next year is a tribute to its success and need.

In an effort to expedite the business of the Council, four large areas of responsibility were designated with each number serving on at least one: Government Affairs, Standards, Title I, and Title III.

A new appointee from Sussex County brought additional library expertise to the Council - Jean Ellis.

The Council was deeply appreciative of your support for increased funding for State Aid to public libraries and the purchase of computer hardware to implement the automation of circulation procedures in the Special Services Unit for the Blind and Physically Handicapped.

It has been a pleasure to work with the Delaware Council on Libraries. These hard working volunteers have made chairing this Council a rewarding experience for me. I know this dedicated group will continue to work for improved library services throughout Delaware with your continued support and forward-looking leadership.

Sincerely yours,

Carmen G. Nelson
